Our vouchers can be booked online at any time and for any amount and can be easily paid for by credit card or instant bank transfer (Online Bank Transfer).

As a special "spring bonus", we will increase the value of each voucher purchased by the end of May by 10%.

## „COVID-19“

At this point we would normally inform you about innovations, provide you with information about how our Hotel Austria Marathon Team performed at the Vienna City Marathon and give you current event tips. Covid-19 also turned the world upside down within a few days, also here in Vienna.

Since our opening as Hotel Austria in February 1955, this is first time we ever had to close our doors. The health of our employees and our families is our top priority. Our team is on short-time work at the moment. As soon as the situation has calmed down, we look forward to seeing you HEALTHY again and to pampering you.

## "Bookings at a special price"

At the moment, it is quite difficult to predict whether we will be able to spend our planned holidays as planned, whether borders will be reopen and whether there will be travel opportunities.

We have therefore already opened our online reservation system until the end of August 2021.

This makes it easier to change existing dates and postpone them to a later time.

Furthermore, we have made our special offer available all year round until the end of August 2021 (and not only in the low season). This special rate offers you a 10% discount. Due to the special circumstances, travel dates can be changed at any time (but not cancelled).

## „Current and upcoming EVENTS in Vienna in the Spring of 2020“

Since all the stages and opera houses must be closed until the end of June, this section is not completed for the first time. At <https://www.wien.info/de/musik-buehne/musik-streaming>, you will find some offers for streaming at home.
